How COVID-19 changed our lives

Nov. 2019

A novel coronavirus was first identified in China's Hubei province. The disease it causes attacks the lungs and causes rapid onset of pneumonia in already immunocompromised patients.

The first American case was diagnosed in Washington state. The illness rapidly spread across the globe, endangering mostly older adults and those with underlying and chronic health conditions, including lung disease, heart disease and diabetes.

Photo provided by CDC.gov

The World Health Organization (WHO) names the virus SARS-CoV-2 (Severe Acute Respiratory Syndrome Coronavirus 2) and the disease it causes COVID-19 (Coronavirus Disease 2019). Worldwide death toll is 1,107.

5 new cases in Canada

Canada had 118 cases.
United States had 1,267 cases.
Italy had more than 12,000 cases.

The WHO declared SARS-CoV-2 a pandemic, which meant the 118,000 cases and more than 4,000 deaths worldwide required more specific and targeted attention and resources.

To slow the virus's spread, the US suspended European travel for 30 days.

12 Canadian Prime Minister Justin Trudeau and wife Sophie Grégoire Trudeau self-isolated after she experienced symptoms. He was cleared, but she had the virus.

16 US states closed schools to reduce community spread of the virus:

Alabama	West Virginia	New Mexico
Wisconsin	Illinois	Oregon
Maryland	Pennsylvania	Virginia
Ohio	Louisiana	Utah
Kentucky	Rhode Island	
Washington	Michigan	

US declared a national state of emergency

fourteen

The US reported 2,816 confirmed cases and 58 deaths.

Fifteen states activated National Guard troops to assist with virus-related concerns, including regulating the flow of medical supplies, food and shelter.

Canadian provinces canceled schools as the numbers of infected rose.

- Canada reported 341 cases.
- More cases were reported outside mainland China than inside it for the first time in the history of the disease.
- The largest school district in the US, NYC Public Schools, closed.
- The CDC suggested a community ban on all gatherings of more than 50 people for at least eight weeks.

the ides (15)

Provinces, states and cities continued to implement strict measures to slow the spread of the virus. The movement, called "flatten the curve" prompted entertainment, bar and restaurant closures across the US and Canada.

By Monday, all NBA, PGA, MLB, MLS, NASCAR, NHL, and NCAA sporting events were either canceled or put on hold for two or more weeks. Some especially hard hit areas, including seven counties in California, put a three-week-long "Shelter in Place" home restriction on citizens, requiring they leave their homes only for essential needs. Workers in essential services (emergency and medical, banks, grocery, pharmacy and food service) were exempted from the restriction, so they could work.

17 St. Patrick's Day

Celebrations were canceled (even in Ireland). Nonessential services (salons, movie theaters, shopping malls, etc.) were closed for 30+ days in many states. The Canadian-US border was closed to travel (but not trade) in a mutual agreement.

In the midst of the Coronavirus Pandemic, the Centers for Disease Control sends a strong message:

**WASH
YOUR
HANDS**

and DISTANCE yourself.

KNOW HOW IT SPREADS

- There is currently no vaccine to prevent Coronavirus Disease 2019 (COVID-19).
- The best way to prevent illness is to avoid being exposed to this virus.
- The virus is thought to spread mainly from person-to-person.
 - Between people who are in close contact with one another (within about 6 feet).
 - Through respiratory droplets produced when an infected person coughs or sneezes. These droplets can land in the mouths or noses of people who are nearby or possibly be inhaled into the lungs.

TAKE STEPS TO PROTECT YOURSELF

- Wash your hands often with soap and water for at least 20 seconds especially after you have been in a public place, or after blowing your nose, coughing, or sneezing.
- If soap and water are not readily available, use a hand sanitizer that contains at least 60% alcohol. Cover all surfaces of your hands and rub them together until they feel dry.
- Avoid touching your eyes, nose, and mouth with unwashed hands.
- Avoid close contact with people who are sick.
- Put distance between yourself and other people if COVID-19 is spreading in your community. This is especially important for people who are at higher risk of getting very sick.

TAKE STEPS TO PROTECT OTHERS

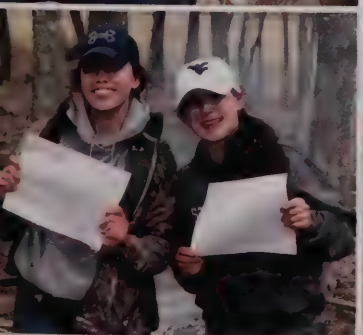

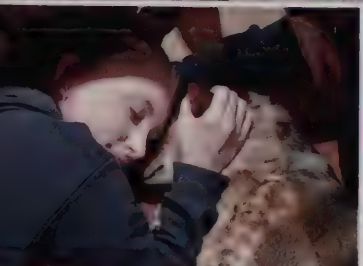

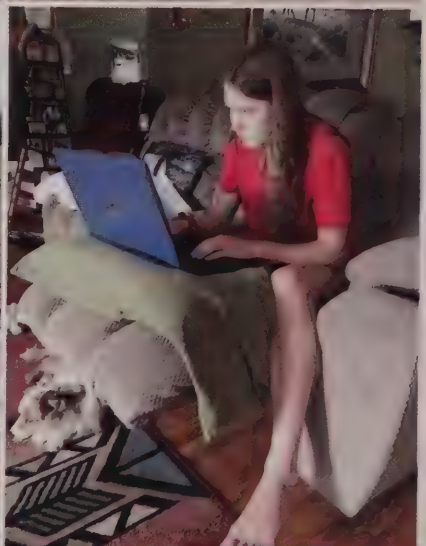

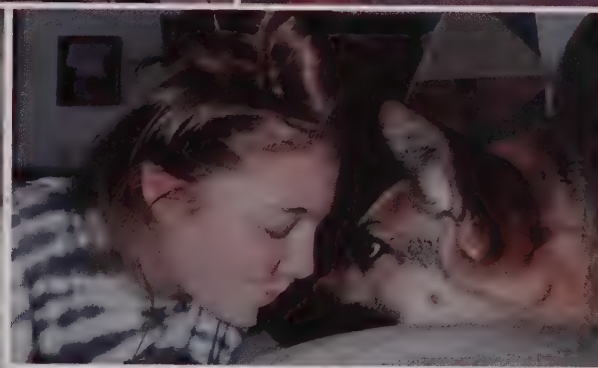

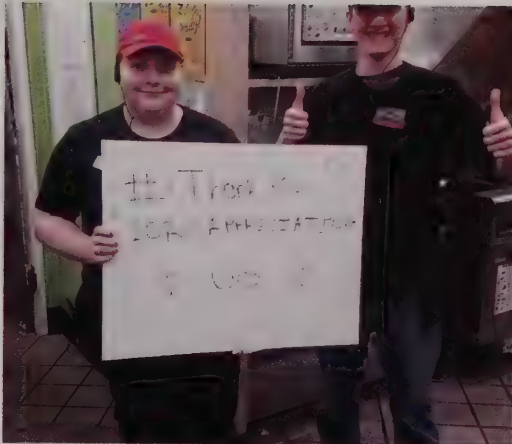

- Stay home if you are sick, except to get medical care. Learn what to do if you are sick.
- Cover coughs and sneezes.
- Cover your mouth and nose with a tissue when you cough or sneeze or use the inside of your elbow.
- Throw used tissues in the trash.
- Immediately wash your hands with soap and water for at least 20 seconds. If soap and water are not readily available, clean your hands with a hand sanitizer that contains at least 60% alcohol.
- If you are sick: You should wear a facemask when you are around other people (e.g., sharing a room or vehicle) and before you enter a healthcare provider's office. If you are not able to wear a facemask (for example, because it causes trouble breathing), then you should do your best to cover your coughs and sneezes, and people who are caring for you should wear a facemask if they enter your room. Learn what to do if you are sick.
- If you are NOT sick: You do not need to wear a facemask unless you are caring for someone who is sick (and they are not able to wear a facemask). Facemasks may be in short supply and they should be saved for caregivers.
- Clean AND disinfect frequently touched surfaces daily. This includes tables, doorknobs, light switches, countertops, handles, desks, phones, keyboards, toilets, faucets, and sinks.
- If surfaces are dirty, clean them: Use detergent or soap and water prior to disinfection.

*Because of the nature of a pandemic, the information is constantly changing, but as of our deadline on March 16, 2020, this was the most up to date information from the Center for Disease Control and Prevention via their website CDC.gov.

COVID-19

CORONAVIRUS OUTBREAK

HEARTBREAK

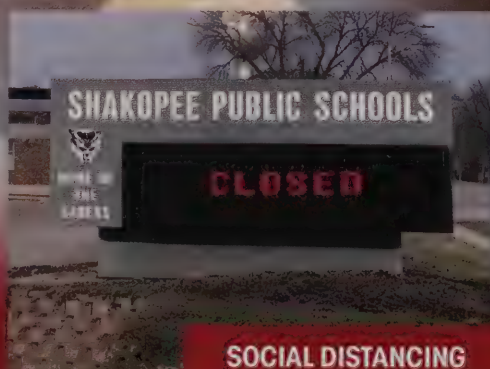

The emergence of a new coronavirus strain in 2019 becomes one of the largest public health threats in recent history. The novel coronavirus causes a respiratory illness called COVID-19 that produces a cough, fever and trouble breathing. After its discovery in China in late December 2019, COVID-19 quickly spreads across the globe with 1.4M total confirmed cases as of April 7, 2020. Efforts to flatten the growth rate of COVID-19, including school closures, result in major changes to everyday life.

LIFE IN QUARANTINE

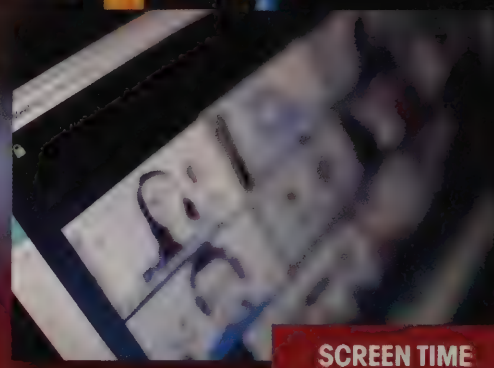

SUDDEN SHORTAGE

Stores across the country find themselves with cleaning and sanitary product shortages due to panic buying and hoarding behaviors. One of the most sought-after products is toilet paper.

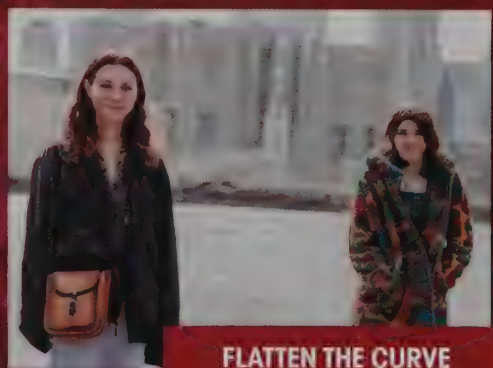

SOCIAL DISTANCING

Restaurants, houses of worship, retail stores, movie theaters, shopping malls, schools and more close in an effort to slow the spread of COVID-19 through "social distancing." In March, President Trump recommends limiting gatherings to less than 10 people.

SCREEN TIME

Video conferencing usage increases as people leverage the technology to connect with friends and family.

FLATTEN THE CURVE

In order to flatten the growth rate of COVID-19, social distancing becomes a way of life for many. Examples of social distancing include avoiding larger crowds and staying 6 feet away from other people.

NETFLIX & QUARANTINE

Netflix Party, a Google Chrome extension, lets friends watch Netflix shows together while quarantined apart from one another.

STAY HEALTHY

The Centers for Disease Control and prevention instruct people to wash their hands often with soap and water for at least 20 seconds, roughly the equivalent of singing "Happy Birthday" twice.

Thank you to my family for everything that they have done to get me where I am today. I would not be here without the love and devotion that each of you have shown me. This message is for Mrs. White: Thank you for being my best friend, my unbiased judgement, and frankly the best teacher I've ever had and will ever have! You have taught me what I want to do in life—teach! You have taught me so many valuable lessons reaching far beyond the classroom. You have taught me to be ambitious, to trust yourself, to take risks, to lead a crowd! All of these things and so much more. I will never be able to thank you enough for what you've done for me. You believed in me when no one else did. You better believe that I will have a front row seat to all the future performances! "Love the art in yourself and not yourself in the art." I will never forget that quote. Thank you for everything MW. —**Caleb Friend** (Your actor, stagehand, prop and set builder, stage manager and student director, but most importantly your student!)

To my friends and family: Throughout my years of schooling my family has always motivated me. They pushed me towards my goals and have always been proud of my achievements. Throughout my high school experience, I want to thank my mom for sticking by me and being my backbone. I would have never gotten through some things if it wasn't for her. I want to thank my teachers throughout the whole school experience for giving me this education and giving my classmates and I your time. I will miss every single one of my teachers-good and bad. Lastly, I want to thank my friends and classmates. Whether we have fallen off, never spoken, or have made any memories together, thank you all for this wonderful experience. I am certain life will bless you. **-Kimberly Stemple**

I'd like to thank my mom, my dad, and my step dad for encouraging me through my school career. I'd also like to thank my friend Cassius for being by my side since day one. You all inspire me and I love you **-Hannah Friend**

High school is an adventure. The people you walk through the halls with help shape you into the person you will be in the future. To my underclassmen friends: thank you for always being there for me. Enjoy your senior year and make the most of it for me because I wasn't able to. Brooke: continue putting smiles on everyone's face, and continue to do cartwheels in the halls. And just a tip: high school is nothing like the school on the Disney Channel. **-Nick Davis**

Thank you to my fellow classmates for all the memories. It was fun while it lasted. I want to thank my parents for everything they have done for me to get to this point, I couldn't have done it without you. Thank you to all the coaches I've had through out the years, I will always cherish the memories and lessons I have learned from playing sports. To my teachers. Thank you for not only teaching me all the important things I know now but for also looking out for me through all of my schooling. For showing me love and compassion. For letting me come to you with my problems and questions knowing that you would be there to help me in the best way possible. You have all impacted my life in the best way there is and I will forever be grateful for every single one of you.

To my coaches. Thank you for showing me the meaning of hard work and dedication. From the early practices to the late and hard practices you were always there. Teaching us many skills that we would use to win and cheering us on from the sidelines. You were always there for us when we would fall short and gave us many pep talks to cheer us up. You will forever be a part of my life, thank you for shaping me into who I am today.

To my pastors and youth leaders. Thank you for teaching me the most firm teachings I know! You have been my rock through the many years of my life and I love every single one of you! You have taught me how to live my life for the Lord. The things I have learned from you all over the years will forever be cherished and used through the rest of my life. You have been a huge part in my life and I thank you for that! I love you guys!

To my parents. Thank you for everything. Because of you I am who I am today. You have been my backbone through my whole life and you have pushed me to do great things. You have always cheered me on and always showed me that I am perfect just the way I am. From the long nights forcing me to do my homework to the big project boards you helped to create and the away games you took me too, you have always been there to help me no matter what and I will forever be thankful for you and the opportunities you have given me. I love you far beyond words!

And lastly, **to my classmates.** Each and every one of you have worked so hard to get to this point in our walk; and I am so proud of all the accomplishments that you have made. I regret the fact that I didn't take the time to get to know each and every one of you personally but just know that the smiles we would exchange in the halls meant so much to me. To those of you I did become close to or had many classes with, thank you. Thank you for all the laughs, memories and lessons we had and taught each other. I will cherish the memories that we made forever. Thank you all for being there for one another through these many years. I wish you all the best with your future plans! And remember *"For I know the plans I have for you declares the Lord, plans to prosper you and not to harm you plans to give you a hope and a future"* Jeremiah 29:11. We all are a part of one giant plan that he has for us!! I love you all so much!!

Harleigh Wildesen

Harleigh,

A daughter is defined as a female offspring especially of human parents. Yet you are so much more to us than just a general definition. From the very second we learned that we were going to be parents our world changed. Changed from a world of wanting the best for us to just wanting the best for you. Over the last short 18 years we have tried to show the good and bad in the world and teach you to follow your dreams and begin to spread your wings to be ready for whatever challenges you will face. We have had lots of help along the way from family, friends and others. It takes an army of support to raise a child. Please don't forget the ones who have helped define you along the way--the love you have been shown and the broken hearts you have endured. We could not be any more proud of the young woman you have become. No matter how hard this world tries to defeat you, and it will, keep your faith in GOD and the love of your family in your heart and keep pressing on towards your dreams. We will be there for support or just cheering you along your journey. We both will love you until our last breath no matter what.

With all our love forever,
Dad and Mom

Harleigh Wildesen

Congratulations!!! We were so excited to find out we were having a granddaughter. You have exceeded all our expectations and even more. From that tiny baby to the young woman you have become, we have enjoyed every moment. The only problem is that time has flown by too fast. You were a wonderful toddler, child, teenager and now an adult that has never disappointed us. Watching you participate in soccer, volleyball, cheerleading, basketball, cross country and your favorite, softball, are some of our favorite memories. The world is an open door with so many opportunities for you to follow your dreams. Keep your eye on your goals, like you always have, and the sky will be the limit. Always be thankful to God, strive to do your best, and always be the loving "little girl" that stole our hearts. We are so proud of you and will always be here for you. You got this girl---SOAR!!! Love you so much "Boof"!!!

ZARA TAKES FLIGHT

Today began her journey to the land beyond the trees.
 Zara was a bit nervous but this new life she must seize.
 She was ready to make a change and travel to her new home,
 To meet other young fairies, and hoped to never feel alone.
 As she set out on her trip and soared through the sky,
 She could tell by the clouds that a storm was nearby.
 The sky began to darken and huge, dark clouds rolled out.
 "Should I continue my flight?" she thought, as she began to pout.
 A fierce wind then blew, causing her to quickly spiral down.
 Lower and lower to the earth her tiny body was bound.
 She hit the surface hard, and cried in pain with a shout.
 Her journey would be postponed, she knew without a doubt.
 Zara lay there with injured wings and a body that was bruised,
 This was not supposed to happen! She was utterly confused.
 As the wind and rain hurled against this dainty, young sprite,
 She knew she needed shelter from her unexpected plight.
 With her magic sparkle gone, and darkness all around,
 The only way to see was to feel along the ground.
 Through the muddy grass, she finally felt a hole.
 "Into the earth it is. Underground I must go".
 Slowly Zara crawled into the tunnel and to her surprise,
 Her sparkle came back and she could see what lay before her eyes.
 Hundreds of tiny creatures, as tiny as she,
 Stared at her and wondered, "Just what could she be?"
 They each had six legs, two eyes, and two antennae.
 Their bodies were strong and the color of burnt sienna.
 Their kindly, wise leader stepped forward and said,
 "Child, do not fear us. You have nothing to dread.
 We will protect you so you can heal and find rest.
 Being kind to others is the thing we do best.
 Now settle in and dry off; some food you must need.
 Make yourself at home. Please accept our good deed."
 Although they were different and didn't know her at all,
 Zara felt while with them, no calamity would fall.
 She shyly sat down and dried herself off with a leaf,
 Accepting their generous offer, in spite of her grief.
 Zara was offered nectar, bread, honeydew and seeds;
 Oranges, corn, mushrooms, and lots of green leaves.
 She could see that they wanted to be kind and so caring.
 It was obvious by the food & their dwelling they were sharing.
 The kind creatures went happily back to their labor,
 But their leader stayed with Zara to be a good neighbor.
 He asked if she needed anything more before he left.
 She said, "No, but thank you, kind Sir, for sharing your nest."
 With her belly plenty full and feeling rather safe,
 Zara decided to rest in this cozy, little place.

She was sore and very tired, so she decided to slumber.
 To sleep she fell quickly feeling secure and unencumbered.
 In the following weeks Zara saw her friends live life with a plan.
 They work hard, are kind, and help others, in any way that they can.
 Oh, how she admired their strength, character, and drive!
 They live life to the fullest and for excellence they strive.
 They work together as a team to complete their many tasks.
 Never do they boast or brag, for in humility they bask.
 When one of them is in trouble, they arrive by their side,
 Offering help and support; never being cruel or snide.
 They are always prepared for the winter and snow,
 So hunger is a misfortune they will never undergo.
 Zara was very content being accepted by her new tribe.
 She had healed, been fed, and rested, but it was now time to decide.
 Should she stay where it's comfortable yet not be able to fly?
 Or should she take flight into the unknown, wide open sky?
 The wise leader looked at Zara, as he looked at one of his own.
 "My child, I am proud of you; you have learned and you have grown.
 You know how to work hard and be part of something great,
 But staying with us any longer is not meant to be your fate.
 You have been given many gifts to share with the world,
 They cannot be used here, in a tunnel to be unfurled!
 Your wings are now strong and you are ready to fly.
 This was your resting place; now you must take to the sky.
 Take the lessons we have taught you wherever you go.
 We love you and will miss you more than you'll know.
 You are an amazing creation; a true one of a kind.
 Go out and use your gifts to help all of humankind."
 Zara thanked her colony and knew what she had to do.
 She must continue her journey, no matter what hardships may ensue.
 She was now much more confident that she was in control.
 She had learned to believe in herself and listen to her soul.
 As she flew to her destiny she felt grateful for her friends.
 Although she left, this is not how her story ends.
 Zara lived life to the fullest; she did more than just survive.
 She used and shared her gifts with others; she learned how to thrive.
 Through life she followed the lessons she learned while underground.
 She taught them to her children; it was the best advice to be found.
 Be kind, never give up, and always do your part.
 These things she learned from her colony,
 And they were always with her in her heart.

The Southern Garrett Marching Band would like to thank our wonderful community for the overwhelming support during the marching season! From loud cheers, donations, to late night sirens when arriving back to school, we were constantly amazed by your support and truly appreciate it!

Teacher, Mr. Jared Roth, would like to thank Phoenix technologies for their support of his program.

A big thank you to Preston Sharps, Senior Investment Executive of First United, and Rob Sharps, retired investment executive for First United, who have generously sponsored the Stock Market Game for students for over 25 years! This year, students participating experienced a stock market like none before. Mr. Preston Sharps guided the students through the down-turned market before schools closed in March and gave encouraging philosophies to assist with stock purchases. Hundreds of Southern Garrett High School students have participated in the Stock Market Game over the years thanks to the generosity of the Sharps family and First United Bank and Trust. --Mrs. Athena Wilson, Teacher

JROTC staff wishes to thank: Military Officer Association of America; Military Order of World Wars; DAR; SAR, and MidWayUSA. Also thank you to Advance Auto, American Legion and Veterans of Foreign Wars.

The Highlander yearbook staff would like to thank all the businesses and organizations who purchased ads in the 2020 yearbook. Without you, we financially could not publish this annual tradition. We are asking readers to please support these sponsors. -Ms. Maria Zumpano

I think being yearbook editor for the 2019-2020 yearbook was very memorable and rewarding experience. Watching the book go from nothing to an amazing memory book was the best thing to experience. Thank you to Ms. Zumpano, yearbook advisor. It was easy being editor considering I had an amazing advisor to guide me through every step. This year was a year we will never forget. The yearbook staff tried to make the yearbook a memorable one considering the situation we were all in. I hope the book is something you can look back on and smile. To my senior classmates, we were cut short of many things that others before us had experienced. I wish I could have seen you all one last time to say our final goodbyes. Nevertheless, I know for sure that each and everyone of us will do amazing things in life. Class of 2020 dream big and be passionate about whatever you decide to pursue in life. All my love, Kimberly

Underclassmen Editor: Haley Ellifritz

I've very much enjoyed being on the yearbook staff this year. It was awesome to put together a book that will provide a lifetime of memories. The 2020 Highlander yearbook was difficult to complete due to Covid 19. However, together with senior editor Kimberly Stemple and advisor Ms. Zumpano we did our best to put together a book of memories for you to enjoy for years to come. Love, Haley

Advisor: Maria Zumpano

As I finish the final editing and page submissions I look back on the pages in this book and wonder how the yearbook staff was able to complete this edition of the Highlander. Through all the trials and tribulations this year my editors, Kimberly and Haley, along with many students on the staff came though and put together a book students can keep and look back on for many years to come.

I can't thank all Southern students and parents enough for their support during the Covid 19 pandemic. Without your picture and information help the book would not have been finished. I've always known Southern students and parents are THE BEST!

Thank you to the staff and administration of Southern High School. Thank you for allowing us to take pictures and interview students. The yearbook staff appreciates teachers for handing out surveys and providing information and input to pages. Without the help and support of staff and administration the yearbook would not be possible.

To the class of 2020: I'm sorry your school year did not turn out like a traditional senior year. I hope you enjoy looking through your senior yearbook and I know one day you will be able to look back on this year and smile. I wish each one of you a bright and successful future. Always do what is right, make a positive difference in this world and never be afraid to help a human or animal in need!

Remember to help control the pet population, have your cat and/or dog spayed or neutered.

All my love, Ms. Zumpano

HEADLINES

A LEGEND LOST

Kobe Bryant and his daughter, Gianna Bryant, are killed in a helicopter crash along with seven others on January 26, 2020. Bryant is widely regarded as a basketball legend for his 20-season career with the Los Angeles Lakers and is the all-time leading scorer in Lakers franchise history.

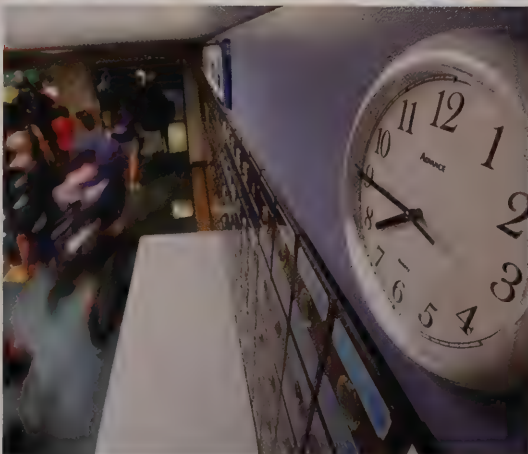

FASTEST FINISH

Eliud Kipchoge finishes the Austrian INEOS marathon in 1 hour, 59 minutes and 40.2 seconds. He is the first human in history to run a marathon in under two hours. According to a team of pacemakers who keep up with Kipchoge throughout the ordeal, he runs a pace of 4:33.5 minutes per mile to finish the race ahead of schedule.

HISTORIC SPACEWALK

Astronauts Christina Koch and Jessica Meir complete the first spacewalk with an all-woman team. This is Koch's fourth space walk and Meir's first. NASA Administrator Jim Bridenstine mentions that NASA's Artemis program is currently working to land the first woman and the next man on the moon in 2024.

ROLL BACK THE CLOCK

In October, California's Governor signs a bill becoming the first state in the nation to pass legislation that prohibits public schools from starting too early. The bill mandates that middle schools can start no earlier than 8 a.m., while high schools will be prohibited from starting any earlier than 8:30 a.m. Public schools have until the start of the 2022 school year to adjust their schedules accordingly.

NOTRE DAME DESTRUCTION

A mammoth blaze tears through the Notre Dame Cathedral in Paris, nearly destroying the 850-year-old landmark. The church's wooden latticework roof and iconic spire collapse, but many of the valuable cultural treasures avoid damage with some kept safe at the Louvre Museum. French President Emmanuel Macron would like the Notre Dame Cathedral to be rebuilt in five years, but restoration experts believe it could take 10 to 15 years. More than \$700 million is collected in donations for the reconstruction, including \$100,000 from the University of Notre Dame in Indiana.

GLOBAL FIRES

Massive wildfires rage on two continents: in Brazil's Amazon rainforest and across Australia. This year the Amazon rainforest experiences the highest number of fires since Brazil's National Institute for Space Research began keeping records in 2013, which burn 2.2 million acres. The Australian bushfires primarily affect the state of New South Wales and 12 million acres are burned as of January 2020. New South Wales is home to Australia's most populous city, Sydney.

LOST CONTINENTS

Douwe van Hinsbergen – a geologist at Utrecht University in the Netherlands – and his colleagues discover a lost continent known as Greater Adria while studying rocks beneath the Mediterranean Sea. Approximately 140 million years ago, Greater Adria and southern Europe collided, burying Greater Adria in the process. Most of the continent sank beneath what is now Italy, Greece and the Baltics. Analysis of ancient rocks suggests that almost all of Earth's earliest continents might have disappeared, leaving traces behind like certain rocks found on the Alps.
